To Whom it May Concern,

I am writing to recommend Emily Thornton for your team.

Emily worked for me as a graphic design intern in OC's Marketing Office in 2018. She worked on design projects with real campus clients, deadlines, budgets and produced materials. She also worked with printers and vendors getting hands-on experience in the logistics of print design and mailing.

Emily was easy to work with and will be a good fit in a team-oriented atmosphere. She always had a great helpful attitude and was willing to take on big, creative projects as well as smaller, mundane tasks to help out.

I was especially impressed with her willingness to seek out solutions without being prompted at every step. Her ability to self-start was a great help on our busy team!

Based on our experience together, I can confidently recommend Emily.

Sincerely,

Tessa Wright
